

Child safe policy – Movement Zone Studio

20 Campbell Street, Castlemaine, Vic 3451

Our commitment to child safety

Here at Movement Zone (MZ), each and every dancer is an important and valued member of our studio. We believe dancers should be taught in a safe, nurturing, and non-judgemental environment. Most of all it's FUN! Students and families of Movement Zone are part of a vibrant and electric community of dancers who have a high regard for each other. All who participate are requested to demonstrate the willingness to be held accountable to uphold the values of the studio. In all of our learning we aim to ignite the love and passion of dance. We show respect to the parents, students and staff of MZ and all of the wider dance community. Dance provides a way for a person to achieve a balance of health from the physical to the emotional, from the inside to the outside.

Movement Zone Studio is committed to child safety.

We want children to be safe, happy and empowered.

We support and respect all children, as well as our staff and volunteers.

We are committed to the safety, participation and empowerment of all children.

We have zero tolerance of child abuse, and all allegations and safety concerns will be treated very seriously and consistently with our robust policies and procedures.

We have legal and moral obligations to contact authorities when we are worried about a child's safety, which we follow rigorously.

Movement Zone is committed to preventing child abuse and identifying risks early, and removing and reducing these risks.

Movement Zone is committed to regularly training and educating our staff and volunteers on child abuse risks.

We are committed to the cultural safety of Aboriginal children, the cultural safety of children from culturally and/or linguistically diverse backgrounds, and to providing a safe environment for children with a disability.

We have specific policies and procedures in place that support our members, staff and volunteers to achieve these commitments.

Statement Of Inclusivity

At Movement Zone we recognise that we have a diverse group of instructors, parents, students and hirers. We embrace and value the diversity of our community and it is our policy to be inclusive and mindful of this diversity in our studio, programs and interactions with others.

We embrace all people regardless of their age, culture, disabilities, ethnic origin, gender, gender identity, marital status, nationality, race, religion, sexual orientation, and socioeconomic status. We continually challenge ourselves, and others, in an environment of mutual concern and respect for the free expression of all individuals. We would like to acknowledge the Dja Dja Wurrung people, the Traditional Custodians of this land on which we work, dance and play. We pay our respects to Elders past, present and emerging.

Our children

This policy is intended to empower children, who are vital and active participants at Movement Zone. We involve them when making decisions, especially about matters that directly affect them. We listen to their views and respect what they have to say.

We promote diversity and acceptance at Movement Zone and people from all walks of life and cultural backgrounds are welcome. In particular, we:

- promote the cultural safety, participation and empowerment of Aboriginal children
- promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds
- ensure that children with a disability are safe and can participate equally.
- ***If you believe a child is at immediate risk, phone 000***

Our staff and volunteers

This policy guides our staff, contractors, hirers and volunteers on how to behave with children at Movement Zone.

All of our staff, hirers and volunteers must agree to abide by our code of conduct which specifies the standards of conduct required when working with children. All staff and volunteers, as well as children and their families, are given the opportunity to contribute to the development of the code of conduct.

Training and supervision

Training and education is important to ensure that everyone at Movement Zone understands that child safety is everyone's responsibility.

Our organisational culture aims for all staff, contractors, hirers, volunteers, families and children to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. We train our members, staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse.

We also support our staff, contractors, hirers and volunteers through ongoing supervision to develop their skills to protect children from abuse and promote the cultural safety of Aboriginal children, the cultural safety of children from linguistically and/or diverse backgrounds, and the safety of children with a disability.

New staff, contractors and volunteers will be supervised regularly to ensure they understand Movement Zone's commitment to child safety and that everyone has a role to play in protecting children from abuse. This will include checking that their behaviour towards children is safe and appropriate (please refer to Movement Zone code of conduct for information about appropriate behaviour). Any inappropriate behaviour will be reported through appropriate channels, including the Department of Health and Human Services and Victoria Police, depending on the severity and urgency of the matter.

Recruitment

We take all reasonable steps to employ skilled people to work with children. We develop selection criteria and advertisements which clearly demonstrate our commitment to child safety and an awareness of our social and legal responsibilities. Movement Zone understands that when recruiting staff, contractors, hirers and volunteers, we have ethical as well as legislative obligations.

We actively encourage applications from Aboriginal people, people from culturally and/or linguistically diverse backgrounds and people with a disability.

All people who are engaged in child-related work and who are not exempt, including volunteers, are required to hold a Working with Children Check and to provide evidence of this check.

Fair procedures for staff and volunteers

The safety and wellbeing of children is our primary concern. We are also fair and reasonable to all staff, contractors, hirers and volunteers. The decisions we make when recruiting, assessing incidents, and undertaking disciplinary action will always be thorough, transparent, and based on evidence.

We record all allegations of abuse and safety concerns using our incident reporting form. All records are securely stored. If an allegation of abuse or a safety concern is raised, we provide updates to children and families on progress and actions we as an organisation take.

Privacy

All personal information considered or recorded will respect the privacy of the individuals involved, whether they be staff, volunteers, families or children, unless there is a risk to someone's safety. Everyone is entitled to know how this information is recorded, what will be done with it and who will have access to it. This is intended to protect reporters and to ensure that all members of Movement Zone are comfortable to disclose any allegations or concerns in relation to child safety without repercussions.

Legislative responsibilities

Movement Zone takes its legal responsibilities seriously, including:

- Failure to disclose: All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under 16 have an obligation to report that information to Victoria Police
- Mandatory reporting: Any staff, contractors, hirers and volunteers who are mandatory reporters (doctors, nurses, midwives, teacher, principals and police officers) must comply with their duties
- Failure to protect: People of authority in our organisation will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so
- Reportable conduct: The director of Movement Zone must be made aware of any allegations of physical and sexual abuse, sexual misconduct, significant emotional or psychological harm or significant neglect by an employee or volunteer towards a child. We are also legally required to notify the Commission for Children and Young People of the allegation
- Duty of care: If a child is abused by an individual associated with Movement Zone, our studio is presumed to have breached its duty of care unless it can prove that it took 'reasonable precautions' to prevent the abuse in question.
- Risk management

In Victoria, organisations are required to protect children when a risk is identified. In addition to general occupational health and safety risks, we proactively manage risks of abuse to our children.

We have risk management strategies in place to identify, assess, and take steps to minimise child abuse risks which include risks posed by physical environments and online environments.

Allegations, concerns and complaints

Movement Zone takes all allegations seriously and has practices in place to investigate thoroughly and quickly. Our staff and volunteers are trained to deal with allegations appropriately.

We work to ensure all children, families, staff and volunteers know what to do and who to tell if they observe abuse or are a victim, and if they notice inappropriate behaviour.

We all have a responsibility to report an allegation of abuse if we have a reasonable belief that an incident took place. If an adult has a reasonable belief that an incident has occurred then they must report the incident. Factors contributing to reasonable belief may include:

- a child states they or someone they know has been abused (noting that sometimes the child may in fact be referring to themselves)
- behaviour consistent with that of an abuse victim is observed
- someone else has raised a suspicion of abuse but is unwilling to report it
- observing suspicious behaviour.

Regular review

This policy will be reviewed every two years and following significant incidents if they occur. We will ensure that families and children have the opportunity to contribute. Where possible we will do our best to work with local Aboriginal communities, culturally and/or linguistically diverse communities and people with a disability.
